Vacuuming&Mopping&Dusting

Mopping, Vacuuming, Dust-mopping, three-in-one function, one-key switch, easy to use.

Safe

A variety of sensors combined with advanced algorithms, efficient detection, faster response, can identify pedestrians, objects, steps, etc.

Smart All The Way

AI intelligent patrol inspection, continuous working at breakpoints, and with the all-round base station, automatic recharging and fill and drain.

Powerful Cleaning

Double roller mop and roller brush, 500rpm/roller mop, 1500rpm/roller brush, scrubbing and vacuuming in one, effectively remove stubborn stains.

Applicable Ground

Marble, terrazzo, plastic flooring, ceramic tile, epoxy floor, artificial stone, short pile carpet, sandstone, etc

Human-robot Interaction

Humanoid design, engaging and human-like interactive expressions, clear and visible working status.

Size (W*H*L)	50*58*60cm
Weight	53.8kg
Clean Water Tank	8L
Sewage Tank	6L
Dust Bag	2L
Battery Capacity	40Ah/37.5Ah
Cleaning Width	490mm
Scrubbing Width	300mm
Auto Charging	Support
